Qatar Airways' has introduced online check-in for passengers departing from the UK. This service is available for all passengers flying with the Five Star airline out of London Heathrow, London Gatwick or Manchester, connecting to 83 world-wide destinations via Doha.

The new online check-in service, accessible on the airline's website qatarairways.com allows passengers in all classes of travel to check-in between 36 and 2 hours prior to departure from the comfort of their home or office. They can choose a seat, print a boarding pass or have a bar-coded boarding pass sent to a mobile phone in simple and convenient easy-to-use steps.

The online check-in service was launched earlier this month in Doha and is part of a series of initiatives being introduced by the airline to speed up the check-in process for the convenience and benefit of passengers.

Qatar Airways currently operates a fleet of 64 Airbus and Boeing aircraft from its Doha hub to 83 key business and leisure cities across Europe, Middle East, Africa, South Asia, Far East and North America.
