Kasabian to play secret show

Their Leeds University gig marks a milestone

Kasabian are to become the first band to host an entirely mobile ticketed gig.

Tickets for the **Leicester** band's gig at **Leeds University** will only be sent out to mobile phones, which will then be scanned at the door to gain access.

Mobile ticketing has previously been used at **Guns n' Roses'** **London Hammersmith Apollo** show earlier this year, but this is the first gig where no paper tickets have been issued.

Kasabian play **Leeds University Student Union** on December 10.

The date comes during their massive UK winter tour, which calls at:

Leicester De Montfort Hall (December 5/6)
Glasgow SFC (7)

Birmingham NEC Arena (14)
Nottingham Arena (15)
Brighton Centre (16)
Bournemouth BIC (18)
London Earls Court (19)
Newcastle Metro Radio Arena (21)
Sheffield Hallam FM Arena (22)
